Re: Distribution of Application Manuals for 2016 School Year of Special Course,  
Budo Specialization Program, International Budo University

To Whom it May Concern,

We are very grateful for your thoughtfulness given all the time for our University to your concerns.

Thanks to your patronage, more than 20 years have passed since the establishment of our Special Course in April, 1994 and 302 students in total (172 Judo students and 130 Kendo students from 48 nations and regions) have completed the course by the end of 2014 school year. It is primarily due to your kind assistance. Although I wish I could thank you and appreciate your continuing support in person, I hope you will excuse the letter like this.

Now, our University recruits students for Special Course starting in April, 2016. In addition to Judo and Kendo, we are preparing new Budo Specialization Program by adding 5 more Budos which are Kyudo, Karatedo, Naginata, Shorinji Kempo, and Aikido for 2016 matriculates.

We are pleased to send you the enclosed materials in a hope for your kind introduction of our Special Course along with them to your young concerns who may be interested in the well disciplined trainings of Judo, Kendo, Kyudo, Karatedo, Naginata, Shorinji Kempo, and Aikido. Our Special Course is the only Budo Specialization Program in Japan for those who seek to master Japanese language as well as Budo. We would like to recommend this program with confidence that it will help the inheritance and development of the Budo culture in your country.

Should you find any indistinct parts in our materials, have any questions or information of prospective students in April, 2016, please keep us informed by the following contact information.
